

Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff, and cover the use of mobile phones and cameras in the setting.

1.9 Use of Tapestry

Policy statement

Ashridge Nursery ensures that all children attending the setting have a personal Learning Journey which records photos, observations and comments, in line with the Early Years Foundation Stage, to build up a record of each child's achievements during their time with us.

It will also show children's developmental progress through the different age bands of the EYFS.

This policy is linked to the Safeguarding children and child protection policy.

Procedures

- Each child will have an Early Years Practitioner (EYP) allocated to them who will be responsible for the compilation of that child's Learning Journey.
- Ashridge Nursery uses an online Learning Journey system (Tapestry), allowing staff and parents to access the information from any computer via a personal, password-protected login.
- Staff access allows input of new observations and photos or amendment of existing observations and photos.
- Parent access allows input of new observations and photos or the addition of comments on existing observations and photos – parent log-ins do not have the necessary permission to edit existing material.
- Parents logging into the system are only able to see their own child's Learning Journey.
- Parents are asked to sign a consent form giving permission for their child's image to appear in other children's Learning Journeys, and to protect images of other children that may appear in any photos contained in their child's Learning Journey.
- New observational entries to a child's Learning Journey will usually be uploaded within two weeks of the observation being made.
- In all written observations, other children are referred to by initials – and not by name.
- Once photos have been transferred to Tapestry they will be deleted from the tablet.
- Tapestry is not used as a general communication tool between Nursery and home. A child's learning journey is a document recording their learning and development and parents may add comments on observations or contribute photos, videos or information about activities they have been doing at home.
- Parents may contact us through the usual channels for any other day-to-day matters, e.g. absence, lost property, etc.

Security

- The Tapestry on-line Learning journey system is hosted on secure dedicated servers based in the UK.
- Access to information stored on Tapestry can only be gained by unique user id and password.
- Parents can only see their own child's information and are unable to login to view other children's Learning Journeys.
